OBJECTIVES

EDUCATIONAL STATEMENT

Welcome to “Looking Back, Looking Ahead: Legal Medicine after a Quarter Century of the New Millennium,” a cutting-edge legal medicine conference where we explore the dynamic intersection of law, medicine, and dentistry amidst rapid technological advancements. Enjoy groundbreaking discussions on the ethical and legal implications of the evolving landscape of medical and dental practices, and critically analyze the legal issue in the ever-expanding realm of medical technology. Join thought leaders, legal experts, and healthcare professionals as we navigate this complex nexus, forging a path that harmonizes innovation with ethical and legal responsibilities, shaping the future of healthcare in an era of unprecedented technological progress.

LEARNING OBJECTIVES

In line with our conference theme, Looking Back, Looking Ahead: Legal Medicine after a Quarter Century of the New Millennium, and the mission of ACLM to continue the professional advancement of its members, the ACLM’s 65th Annual Conference will provide and improve the knowledge and understanding of attendees in the following areas:

1. Recent updates in federal and state legislation, case law, and regulation	13. Impact of preauthorization on adequate healthcare access
2. Review of psychedelic-assisted therapy (PAT) in clinical medicine, and comparative analysis of PAT legal landscapes in the US and Australia	14. Industrialization of healthcare and putting care at the core of healthcare
3. Issues pertaining to artificial intelligence in scope creep, prior authorization, and home care	15. Causes of mental health inequities, and how to reduce mental health disparities across different populations
4. Current trends, policy initiatives, harm reduction strategies, and emerging treatment options pertaining to the opioid epidemic	16. Inequities in maternal health, and developing collaborative strategies across law and medicine to address maternal health inequities
5. Factors contributing to filicide, and legal challenges in cases of filicide	17. Difference between ethical duties and legal requirements, and what to do when they conflict with one another
6. State-by-State update on abortion laws, the role of EMTALA in abortion, and current developments in the law of religious conscience in reproductive health	18. Latest developments in cannabis law in the US
7. Legal and ethical challenges in end-of-life care decisions, including update on physician aid-in-dying, brain death, ableism and informed consent in disabled individuals, voluntary stopping eating and drinking, and challenges surrounding living wills in pregnant patients	19. Selected international comparative analysis of expert testimony laws, and updates on expert testimony case laws and Rules of Evidence
8. Avoidable and unavoidable risks of a career in medicine and law, and the challenges of maintaining professionalism	20. Practical tips for expert witnesses
9. History, impact, and implications of the Americans with Disabilities Act (ADA)	21. Dental research and its application to daily dental practice
10. Legal framework and ethical challenges of AI in healthcare	22. Role of dental service organizations on the practice of dentistry, and contributing factors to the growth of DSOs
11. Legal standards and ethical challenges of healthcare and law professionals using social media	23. Process of dental program accreditation and the self-study process
12. Healthcare obligations and legal issues regarding access to health in the US incarcerated population	24. Legal challenges and health concerns when providing dental care to victims of human trafficking
